IN THE MATTER OF LAKE MANAGEMENT
DISTRICTS (LMD)

Resolution No. 45-2018

DECLARING INTENTION TO CREATE
LAKE MANAGEMENT DISTRICT AT
LOON LAKE FOR CONTROL OF
EURASIAN MILFOIL and OTHER
POTENTIAL AQUATIC and/or RIPARIAN
NOXIOUS WEEDS

WHEREAS, the Board finds that the five-year lake management district currently in place for control of Eurasian milfoil at Loon Lake will expire at the end of 2018. To continue treatment efforts through a lake management district (LMD), a new LMD would need to be formed; and

WHEREAS, the Board finds that a representative of the Loon Lake Advisory Committee has requested that a new lake management district be created for an additional five-year term and that in addition to control of Eurasian milfoil, if other state listed noxious aquatic and/or riparian weeds are found, measures for their control could also be addressed; and

WHEREAS, the Board finds that there is sufficient public interest in the control of Eurasian milfoil and other potential state listed noxious aquatic and/or riparian weeds at Loon Lake to begin the process to determine whether or not a majority of the residents wish to create a lake management district and to do so is in the public interest; and

NOW, THEREFORE, IT IS HEREBY RESOLVED AND ORDERED that pursuant to the provisions of RCW 36.61.030, the creation of a lake management district at Loon Lake for the control of Eurasian milfoil and any other state listed aquatic and/or riparian noxious weeds is proposed pursuant to this resolution of intention as follows:

1. The planned lake improvement and maintenance activities proposed to be financed are to monitor and control the Eurasian milfoil and any other state listed aquatic and/or riparian noxious weed infestation in the lake using scientific and environmentally safe methods which avoid adverse impacts on fish and wildlife and which provide for appropriate measures to protect and enhance fish and wildlife and to maintain an advisory committee of neighborhood representatives to direct the efforts and expenditures of the funds of the Lake Management District;
2. The amount of money proposed to be raised by special assessments or rates and charges is \$350,000 over the five years;
3. Special assessments are to be imposed annually for the duration of the lake management district, full special assessments are not proposed to be imposed at one time nor are installments proposed to finance the issuance of lake management district bonds;
4. No rates and charges are to be imposed. Yearly special assessments in the amount of \$70,000 each year over five years are proposed. The special assessment on each parcel included in the lake management district is \$1.534376 per frontage foot for all lake frontage lots per year and \$45.00 for lots with private access per year. A maximum assessment of \$300 per residential parcel and \$750 per commercial parcel is proposed. No revenue bonds are proposed;

5. The number of years proposed for the existence of the lake management district is five years consisting of 2019, 2020, 2021, 2022 and 2023;
6. The proposed boundaries of the lake management district are as set forth in the **attached Exhibit 1.**

IT IS FURTHER RESOLVED AND ORDERED that the number of the proposed lake management district shall be 1-2018 and that a public hearing on the formation of the proposed lake management district shall be held on **Monday, August 13, 2018 at 6:00 p.m.** at the Stevens County Fire District #1 station located at 3962 Hwy. 292; Loon Lake, Washington. The Clerk of the Board is hereby authorized and directed to publish notice as required by law and monitor individual notices to be sent to each owner or reputed owner of any lot, tract, parcel of land or other property within the proposed lake management district.

Passed by the Board of Stevens County Commissioners meeting in regular session at Colville, Washington, by the following vote, then signed by its membership and attested to by its Clerk in authorization of such passage the 10th day of July, 2018.
