NWSA / PORT OF TACOMA
Request for Proposals (RFP) # PA000000033
INFORMATION TECHNOLOGY TEMPORARY AND FULL-TIME
PLACEMENT STAFFING SERVICES

The Northwest Seaport Alliance (NWSA) and the Port of Tacoma (Port) are soliciting proposals from firms interested in providing Information Technology Temporary and Full-Time Placement Staffing Services on an as-needed basis.

A. BACKGROUND

The NWSA is an operating partnership of the ports of Seattle and Tacoma. Combined, the ports are the fourth-largest container gateway in North America. Regional marine cargo facilities also are a major center for bulk, breakbulk, project/heavy-lift cargoes, automobiles, and trucks.

The NWSA is governed by the two ports as equal Managing Members, with each Managing Member consisting of the five commissioners in each port. Each port's commissioners are elected at large by the citizens of their respective counties. To learn more about the NWSA visit www.nwseaportalliance.com. To learn more about the Port of Tacoma visit www.portoftacoma.com.

The Port maintains IT infrastructure, enterprise software applications, and terminal operating systems using a variety of platforms and systems. Most enterprise systems are SaaS/cloud services but some are hosted by the Port in our own private cloud.

The Port has an in-house Information Technology (IT) department with project management, infrastructure, support, technical, and functional staff. On occasion, the IT department requires additional human resources to supplement regular staff during peak workloads, to cover extended absences, or to provide specialized skillsets. The Port also utilizes staffing agencies to fill some of its full-time positions.

Experience levels required for each resource will vary depending upon the specific engagement and position being filled. Specific skills and experience needed will also vary depending upon the specific engagement and position (Project Manager, Business Analyst, etc.)

We anticipate utilizing staffing agencies to fill 1-3 temporary positions per year with a duration from 6-11 months each. In the past 12 months we have filled 2 temporary (contract) positions using our currently contracted staffing firm vendors. We anticipate needing to utilize staffing firms to fill 1-3 full-time positions per year. In the past 12 months we have utilized staffing firms to fill 3 full-time positions. There are four staffing firms that were selected by the previous procurement which will be expiring soon and will be replaced by firms selected using this new procurement.

The Port's Standard Terms and Conditions are included as Attachment B to this RFP. By submitting a proposal, the Proposer represents that it has carefully read and agrees to be bound by the Port's Standard Terms and Conditions. Identify during the question submittal and response period, any sections you consider onerous, clarify why you consider these sections onerous, propose alternative language and describe why it is in the Port's best interests to adopt the alternative language.

Proposals submitted with altered or conditioned Terms and Conditions without prior written agreement from the Port will be considered non-responsive and not considered for evaluation.

B. SCOPE OF SERVICES:

Through this RFP the Port may award up to five (5) IT Staffing contracts to those firms ("firms"), who agree to Port Terms and Conditions (Attachment B), through which Port Information Technology Temporary and select Full-Time Placement Staffing requirements will be sourced. The duration of this arrangement is expected to be three (3) years with the option, at the Port's discretion, to renew for up to two (2) 1-year extensions for a total of five (5) years.

The following process will be utilized with the firms selected by this RFP when staffing requirements are identified that require the services of a staffing firm:

Temporary Placements

- When the Port identifies a need for an IT temporary resource, a summary of the requirements will be sent to all selected firms via email using a Project Service Order (PSO) form. The requirements will include a description of the engagement, skillset required, experience level required, expected duration, and any other pertinent information. Attachment D includes a sample PSO form for a typical temporary staffing assistance request.
- Within five (5) business days of receipt of a PSO form for a temporary staffing opportunity, selected firms will complete the Contractor section of the PSO form and submit it along with resumes of available, qualified, contract resources.
- The Port will review submitted resumes, and schedule interviews with shortlisted candidates. The Port will select the candidate who best fits the Port's requirements. If no sufficiently qualified candidates are received from the selected firms, the Port may then open the staffing opportunity to other firms.
- Before extending an offer to a candidate, the staffing firms will conduct background checks on selected candidates, including criminal background check and verification of employment and education history portrayed on the candidate's resume.
- The Port will issue Purchase Orders for individual Temporary (contract) Staffing engagements.
- Staffing firms will provide weekly timesheets for hours worked by temporary resources that will be reviewed/approved by the Port. Staffing firms will invoice monthly for approved hours worked at the agreed rate for the resource.
- Performance concerns will be discussed with a representative from the staffing firm as needed.

Full-Time Placements

- The Port's HR department will attempt to fill new full-time positions first (without staffing firm assistance).
- When the Port identifies a need for staffing firm assistance to fill a full-time IT position, a staffing assistance request will be sent by email to all selected staffing firms and will include the job description for the position.
- Within five (5) business days of receipt of the staffing assistance request for a full-time IT staffing opportunity, selected firms will submit resumes of qualified candidates along with their salary requirement and available start date.

- The Port will review submitted resumes and schedule interviews with shortlisted candidates. The Port will select the candidate who best fits the Port's requirements. If no sufficiently qualified candidates are received from the selected firms, the Port may then open the staffing opportunity to other firms.
- The Port will conduct a background check on selected candidates before extending an offer for employment. Full-time offers will be made to selected individuals upon completion of the background check.
- On or after the first day of employment, the referring firm will invoice the Port for the agreed referral fee.
- If the selected individual successfully completes a 6-month probationary period, the referral fee will be non-refundable. However, if the individual does not successfully complete a 6-month probationary period, the staffing firm will refund a portion of the referral fee according to the percentage of the 6-month probationary period successfully completed.

C. DELIVERABLES:

Deliverables will vary based on the Temporary PSO or Full-Time position.

D. RFP ELEMENTS & EVALUATION CRITERIA:

- Any real or perceived conflicts of interests for team members, inclusive of the prime, sub-consultants and key team members.

Proposals are to address, and will be evaluated upon, the following criteria:

3. Rates.....30 PTS

Rates must be fully burdened to include, but not limited to, hourly rates, administrative overhead, travel, lodging, per diem, etc., and be valid for at least one year. Annual adjustments will be based on the CPI-U:

Points will be normalized and the firm with the lowest overall average will receive the maximum points available. All rates quoted shall be:

- **Fixed, fully burdened, including, but not limited to, per diem, administrative overhead, travel, lodging, and transportation (all direct/indirect expenses included);**

Reference checks may also be utilized to validate information contained in the proposal.

FINAL EVALUATION PHASE (if applicable)

5. Interviews (as requested by the Port).....100 PTS

If an award is not made based on the written evaluations alone, interviews will be conducted with the top-ranked proposers.
